Discussion

Additionally, you may visit the official website of the course for further information:

<https://www.athens-shoulder-course.com>.

As organizing an international shoulder course during such challenging times, which present particular difficulties is an enormous endeavor in itself, we would like to ask for your assistance in finding a sponsor/supporter to cover your travel and accommodation expenses.

If finding a sponsor is not feasible for you, please inform us.

In order to be able to have as many of us members of the vast community of the shoulder as possible, any assistance towards that end would be appreciated.

Thank you in advance for your contribution to the success of the course.

Best Regards,

Emmanouil Antonogiannakis
Course Chairman
